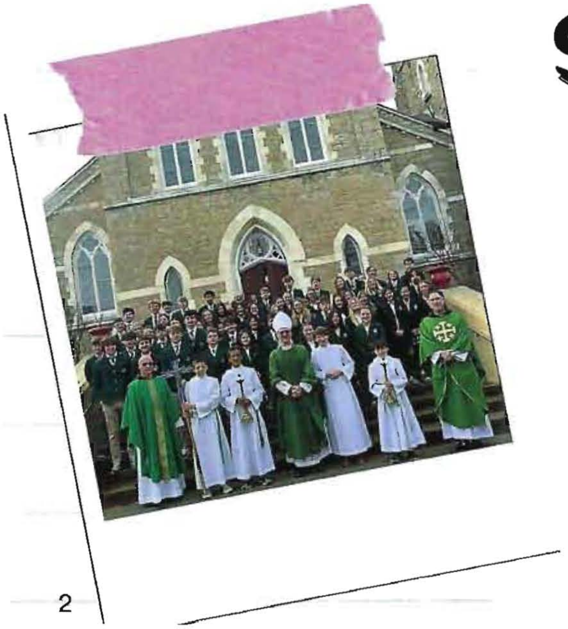
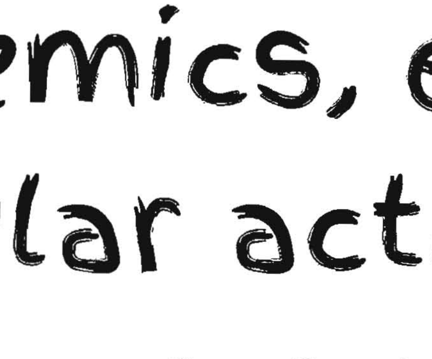
Our Mission Statement

To enrich and teach our students by integrating spiritual development, academics, extra-curricular activities, and community service.





Dedication

Claudia Revenko - Bowen

Over the past four years, we have been incredibly lucky to have a teacher who has made such a positive and lasting impact on our class and our school community. From the very beginning, you created a classroom environment where we felt welcomed, supported, and encouraged to do our best. Your patience, positivity, and dedication helped us grow not only as students, but also as people. You always believed in us and pushed us to challenge ourselves, and that support meant so much throughout our high school years.

Beyond the classroom, you went above and beyond in so many ways to make our high school experience more meaningful and memorable. You devoted so much of your time and energy to helping with honor societies, making sure students had opportunities to be recognized for their hard work and achievements. Your commitment to celebrating students and building a strong community never went unnoticed.

You also brought so much joy to our school through the little traditions that made such a big difference. Whether it was organizing Galentine's celebrations, bringing people together to have fun and appreciate one another, or brightening cold winter mornings with hot chocolate, you always found ways to make school feel a little more special. Those thoughtful moments created memories that we will carry with us long after graduation.

Thank you for the enthusiasm, kindness, and dedication you showed every single day. Your willingness to give your time, support your students, and create such a welcoming environment has meant more to us than we can fully express. We are so grateful for the past four years and for everything you have done to make our time here better. Your impact on us will truly last far beyond the classroom.
